

TA Professional Development Pathways 2024-2025

Support your Teaching Assistants to have the greatest possible impact

Our Teaching Assistant Pathways' training courses focus on impact for all learners. Our experienced leaders introduce staff to current research and support them to apply this to their practice. Our courses offer a mix of live, collaborative sessions and asynchronous reading and reflection using our popular workbooks.

TA Pathways 1 – Developing effective practice

TA Pathways 2 – Developing specialist SEND knowledge

TA Pathways 3 – Deepening your knowledge and pedagogy

"I understand how to scaffold my interactions and the impact of my interventions has improved. I feel more confident in my role."

All sessions will take place virtually. The cost of each Pathway programme is £50 per delegate. Please contact courses@compassps.uk for more information.
